FOR CONGRESS.

We are authorized to announce JAMES P. HARBESON, of Fleming county, as a candidate for Congress, subject to the action of the Democracy in convention assembled.

We are authorized to announce Col. J. SMITH HURT, of Bath County, as a candidate for Congress in the 9th Congressional District at the next November election. Subject to the action of the democratic party.

We are authorized to announce that Dr. A. G. Browning, of Fleming county, is a candidate for Congress, in this the (9th) district, subject to the action of the Democratic party.

Robeson (perhaps)—Farewell, a long farewell, to all my thieving.

The Superior Court of Kentucky will begin business at Frankfort, Sept., 11th.

NEVER was there a time when stock hogs are as scarce throughout the State as now.

THERE are perhaps more Southdown sheep in Kentucky than in any other State in the Union.

ANOTHER installment of the Kentucky war claim, amounting to \$36,311 81, was received by the governor August 16. This goes to the credit of the military fund.

COMPTROLLER LAWRENCE, having decided adversely to the National Board of Health in the matter of its right to handle the epidemic fund or the special appropriation, that body is now reduced to little more than nonentity.

ALTHOUGH the war ended seventeen years ago, the Republican party is determined to keep up the war taxes in time of peace, as rice, 105 per cent; window glass, 80 per cent; hardware, 82 per cent; woolen goods from 58 to 140 per cent, etc., etc.

As a natural sequence of the regular spring reports of the total destruction of the peach crop, it now transpires that the yield of that luscious fruit, this year, will surpass all precedent. Four million five hundred thousand baskets are looked for.

The best stallion records now are: Smuggler, 2:15; Jerome Eddy, 2:16; Piedmont, 2:17; Black Cloud, 2:17; Santa Claus, 2:17 1/2, and Robert McGregor, 2:18, while Black Cloud has the three fastest consecutive stallion heats—2:16; 2:18; 2:17.

The London News is very much concerned because Europe is short of produce this year to the tune of 793,000 tons of meat and 343,000,000 bushels of grain. This is something of a deficit, to be sure, and might be very serious but for the providence of the United States.

ACCORDING to a careful estimate the beer made in the State of Ohio in a year is equal to 225 glasses for every man, woman and child in the State. As there are some of the women and children and an occasional man or two who do not drink their full quota, there must be some of the inhabitants who drink a good deal more.

The omission of the Republican Congress to reduce taxation, has given, and is giving a great deal of trouble to the radical organs. The continuance of \$180,000,000 a year of needless revenue in taxation, and the increase of \$78,000,000 in appropriations, has made the voters angry. Their anger is increasing as the returning members near their homes.
